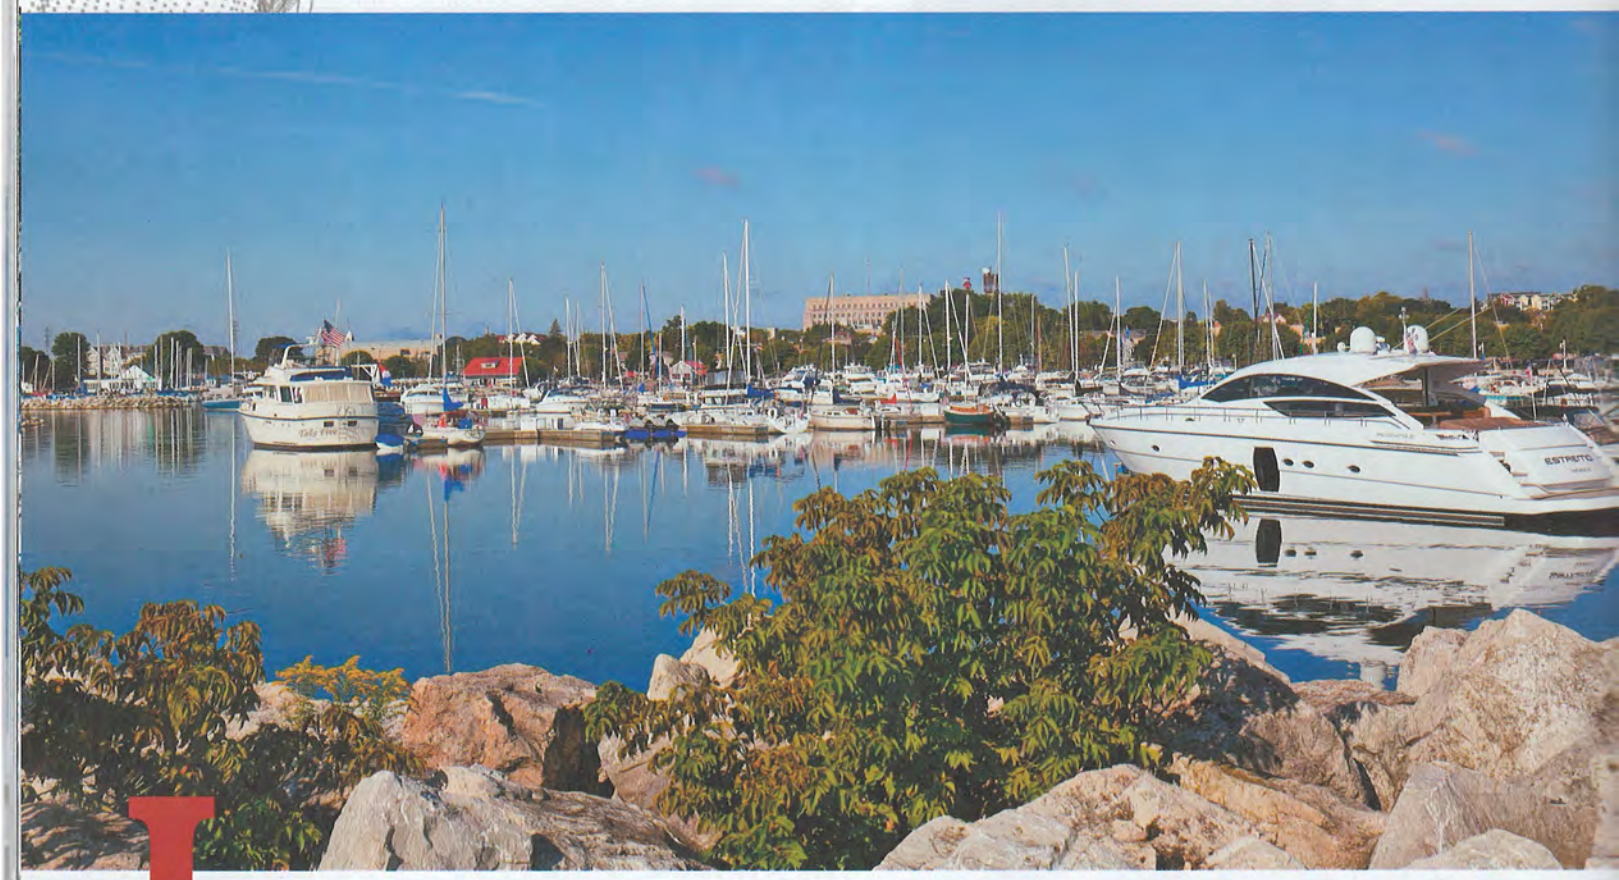
Harbor Centre Marina // Sheboygan, Wisconsin



If you are looking for a marina that can give you an exceptional experience, you need to visit Harbor Centre Marina in Sheboygan, Wis. With its sandy beaches, sparkling water, and stunning scenery, it has everything you need for a vacation. It's an excellent stop for boaters making the great loop, travelers from out of town, or people just crossing the lake, but you might not want to leave once you get here.

The location isn't the only reason that Harbor Centre Marina is worth visiting; the marina itself is like a resort. The lounge has recently been remodeled, the luxurious pool and hot tub are a perfect place to relax, and with gas grills available you can cook up your catch of the day. Built in 1993, the marina has worked for decades to create the best possible experience for boaters as they strive for excellence. Travelers love their time here and you will too.

VARIOUS AMENITIES

Sheboygan rests on the Lake Michigan shore about halfway along the state's eastern seaboard on Interstate 43. Harbor Centre Marina has 287 slips available that can accommodate boats anywhere from 30 to 50 feet long, and a few for vessels up to 103 feet in length. Boaters have Wi-Fi, access to the lounge, pool, and picnic area. There is laundry onsite, and mechanical services available upon request. When you visit, you'll have access to their tennis courts, or you can take a short walk downtown and go shopping. You won't have a hard time finding something to do.

Harbor Centre's many amenities set it apart, but the biggest difference between them and other marinas is the level of service they provide. General Manager Matt Bauer explained, "We want this to be more than a place to dock your boat. We understand that boating is a lifestyle, which is why we have a large presence of dockhands and a readily available staff to make your experience the best it can be."

The service provided is so good, it's part of what won them the Boater's Choice Award in 2018!

THE SPIRIT ON THE LAKE

The white sandy beaches and sparkling water are what gave Sheboygan the nickname "The Spirit on the Lake," and the experience you will have there makes it the perfect vacation destination. If you long to explore the great outdoors, Sheboygan has 34 spectacular parks you can visit. You can see the Sheboygan Marsh State Wildlife Area, or bike up the Old Plank Road Trail. If you'd rather spend your time on the water, Sheboygan is Wisconsin's number one sports fishing port. Or you can rent a personal watercraft or paddleboard and ride until the sun goes down.

Although we all love our boats, some time off the water is nice and you don't have to go very far to find fun; the walk downtown is only 10 minutes. You can visit the John Michael Kohler Arts Center, which is open year-round but hosts their mid-summer Festival of the Arts every year and displays work from hundreds of artists. If you want to see a local play or concert, check out the Stefanie H. Weill Center for the Performing Arts and see what's going on. The history buffs can take a look at the Aviation Heritage Center, or head to the Lottie Cooper, where they've displayed the remains of the shipwrecked schooner for the public to walk through. When you're done, visit

Sheboygan's Memorial Flagpole, which hoists the largest flying American flag in the world!

After your sight seeing adventures, you'll want to find a place to eat, and you won't be disappointed. Many Sheboygan settlers were German, and some even started to call the city the "bratwurst capital of the world." Besides its delicious German influences, you'll find bakeries, coffee shops, and incredible Italian cuisine. And when you're done, find the Victorian Chocolate Shoppe for dessert!

THE "ELITE FLEET"

Harbor Centre Marina won the Boater's Choice Award in 2018. The award comes from Marinas.com, which has provided the most extensive database of marine locations since it was established in 1996. This award is obtained by marinas with a consistent review rating of at least 4 stars. Marinas.com uses thousands of customer reviews to compile the winners, and 217 marinas were able to reach this status this year.

However, Harbor Centre Marina has worked hard to be a part of an even more exclusive group which Marinas.com calls their "Elite Fleet." This tier of the Boater's Choice Awards (BCA) is reserved for the marinas that go above and beyond, obtaining an average of 4.8 stars or higher, which encompasses the top .2 percent highest-rated marinas in the US and Caribbean. Marinas.com CEO Mike Melillo says, "The addition of the Elite Fleet tier of the BCA lets us recognize those marinas that are both overwhelmingly loved by boaters and are actively putting boater needs before immediate business needs. We believe a strong star rating coupled with a large volume of reviews confirms a marina's excellence and demonstrates a marina's willingness to relish feedback, positive and negative, in order to provide the best possible experience."

Harbor Centre Marina provides exactly that: the best possible experience, which is why they are one of the 21 marinas in the country to achieve this prestigious award. Their location, amenities, and overall attention to detail will make your time at Harbor Centre Marina absolutely incredible!
