The meeting was called to order at 12:05 P.M. by Ald. Carlson with the Pledge of Allegiance. The May 8, 2014 minutes were approved.

The meeting's agenda was changed to state that the next Sustainable Sheboygan Task Force meeting will be Thursday, July 24, 2014 at noon.

**City of Sheboygan Green Tier Legacy Community Sustainability Plan and Baseline Report with Action Steps** –Considering the classifications of *short term* to be 2 years, *long term* to be 5 years (approximately) and *continuing* to be ongoing, the Task Force continued to review the action steps for Energy, Local Food, Natural Resources, Atmosphere, Waste, Land Use and Planning, Transportation, Economic Development, and Government.

The Task Force made recommendations and added local information to enhance the Action Steps. Many steps received an “ongoing” status due to efforts the city and local groups have made. The Action Steps with short term and long term designations will be goals for the Task Force and City Planning & Development. The Task Force appreciated all the fine work that Chad Pelishek and Nancy Maring did on this report; it is very impressive.

Sean Hurley will check on getting a WI Business Council speaker to explain the Council's sustainability efforts locally and within the state.

Scott Hanson mentioned that the first video was completed, and Chad Pelishek said he would send a video link to all Task Force members so that they could see it. Scott and Heather Cleveland were thanked for all their research and hard work for this first video.
