# Prohibited Overnight Parking

of  
Trailers, Campers,  
Boats, and RVs  
on City Streets

**Ordinance # 118-137**

## Purpose of the Ordinance

This ordinance was developed in response to an ongoing city wide problem of individuals using the city street to store utility and recreational trailers.

Camping and boat trailers, some in dilapidated condition, and utility trailers loaded with junk and scrap have been left parked in the city streets for extended periods of time. The presence of these trailers has at times exacerbated parking problems in neighborhoods and has in some cases created an unsightly street scape that conflicts with the city government and residents desire for attractive streets and neighborhoods.

Maintaining attractive, vibrant neighborhoods enhances our community's image and protects the value of our residential tax base.

## Parking Ordinance

The Sheboygan Police Department would like to make the community aware of this recently enacted city ordinance #118-137, prohibiting the overnight parking of trailers, campers, boats and RV's on city streets.

**“NO trailers or boat may be parked on a street within the city between the hours of 11:00 PM & 5:00 AM.”**

This ordinance is directed at trailers which are not connected to a legally registered and operable tow vehicle. The ordinance also allows the police department to grant a limited number of daily waivers (6) from the ordinance to people living at a given address during a calendar year.

To apply for a waiver contact the Sheboygan Police Department  
**920.459.3333**

## Additional Reminder

The city ordinance requires that if trailers are stored or parked on private property, they must be parked on a paved surface.

**DPW does issue Permits to Occupy, at a cost, when it involves placing a dumpster in the road, placing a construction trailer in the road, or dumping a load of dirt, mulch, gravel.**
