

Move to a Better Balance for Wisconsin's Transportation Needs Community Presentation in Sheboygan

Presented by the Move Wisconsin Alliance

Wisconsin faces big transportation challenges in funding local roads, highways, transit and other community mobility options. Join us for a presentation that explores the issues and offers thoughts on how we can better balance Wisconsin's transportation needs.

When: Tuesday, October 21, 6pm

Where: Senior Activity Center of Sheboygan, 428 Wisconsin Avenue, Sheboygan

Who: Anyone interested in local transportation issues

A comprehensive, well-maintained transportation system is vital to our state and our local economies. To thrive and grow, cities like Sheboygan and the surrounding communities need good local roads, efficient transit service, and safe access for pedestrians and bicyclists. But state funding for local transportation needs has been declining for years and has resulted in deteriorating infrastructure, inadequate maintenance, and transit service cuts in many Wisconsin communities.

The Move Wisconsin presentation will explore the challenges we face, delve into funding issues, and offer thoughts on better balancing Wisconsin's transportation priorities.

Come join us for a lively discussion about Wisconsin's transportation future.

When: Tuesday, October 21, 6pm

Where: Senior Activity Center of Sheboygan, 428 Wisconsin Avenue, Sheboygan
