### **ROAD CLOSURE – PENNSYLVANIA AVENUE (7<sup>TH</sup> Street to 150 feet East of 5<sup>TH</sup> Street) Beginning Tuesday, September 15, 2015**

The City of Sheboygan has hired Vinton Construction to reconstruct Pennsylvania Avenue from 7<sup>th</sup> Street to 150 feet east of 5<sup>th</sup> Street. The project will involve relaying of sanitary sewer and storm sewer mainlines, concrete street replacement, new street lighting, and sidewalk and tree replacement.

The scheduled start date for the project is Tuesday, September 15, 2015, beginning with pavement removal and underground utility work. Concrete street paving is scheduled to begin in mid-October and continue through mid-November.

Pennsylvania Avenue will be closed from 7th Street to 5th Street. No cross traffic will be allowed at the 6th and 5th Street intersections. The street will reopen when the concrete street paving is completed in November.

In Spring of 2016, the construction of the new sidewalk, tree replacement, and street lighting will begin. This work will be completed by mid-June of 2016. The existing sidewalk will remain in place until the new sidewalk is installed in May/June 2016.

Thank you for your patience and cooperation throughout the course of this project.

If you have any questions on this project, please contact the Engineering Department at 920-459-3394.
