#### Introduction

The survey conducted on the historical aspects of the City of Sheboygan shows a genuine abundance of valuable historic properties within the survey boundary. A number of properties surveyed were identified as potentially eligible for the National Register of Historic Places or were included in the proposed districts. The examples found in the city suggest a community rich with history and some respect for the history of the resources that are available to them.

The principal investigators surveyed 1,610 structures of historical or architectural interest. Of these 1,610 structures, 360 are eligible for the National Register of Historic Places for architectural and/or historical significance. (See Chapter 2, Survey Methodology, for in-depth list of National Register criteria) There are also 13 districts being proposed. Of the districts proposed, 9 are residential, 3 are religious, and 1 is a park.

Through the course of the survey, several types of information were gathered and organized. From this information the following types of information were put together: survey maps of the entire City of Sheboygan survey area, a data base of buildings surveyed, updated continuation cards from the 1975 survey as well as photos of every newly surveyed building, 13 district survey maps, and this report. This architectural and historical intensive report and the associated work elements mentioned above are kept at the Historic Preservation Division of the Wisconsin Historical Society in Madison and a copy of the report is kept at the Department of City Development of the City of Sheboygan, Mead Public Library in Sheboygan, and the Sheboygan County Historical Research Center in Sheboygan Falls.

This chapter contains the following results of the survey: a description of the survey boundaries, a list of properties listed in or potentially eligible for the National Register of Historic Places, and individual surveys of the proposed districts. The district surveys include a list of all properties included within the boundaries and if the properties are contributing or not to the district.

The lists that are given of the potentially eligible properties are not permanent. The buildings that are on the lists are based upon their appearance during the 2002, 2004, and 2006 surveys of the City of Sheboygan. Properties might change, fall into disrepair, become gutted by fire, come under renovation, demolition, or rehabilitation. Properties may fall from the list as others become potential for the list. Further research on buildings may uncover additional properties that went uncovered during the course of this survey and should be added to the potentially eligible lists.

## **Proposed Evergreen Park Historic District**

The Evergreen Park Historic district is a collection of structures and objects built primarily in the 1930's, utilizing WPA labor. Originally the City of Sheboygan purchased approximately 70 acres in 1918. In the 1930's, C. C. Buenger designed the park layout. A camp for children was opened in 1926.

The district is bounded by Calumet Drive on the north and east, Pine Grove Avenue on the south, and the western park boundary on the west.

#### **Proposed North Avenue Residential Historic District**

The North Avenue Residential Historic District consists of many homes built from the 1920's through the 1950's, as well as the Urban Middle School, originally North High School, completed in 1938.

The boundaries for this district begin in the alley just to the east of North 15<sup>th</sup> Street. The boundary runs north to the back of the lots fronting on the north side of North Avenue. It then runs east to North 13<sup>th</sup> Street, where it heads north to the back of the Urban Middle School. From there it goes east to North 12<sup>th</sup> Street, then south to the alley running east and west. The boundary follows the alley east to North 11<sup>th</sup> Street, then it turns south and runs until the alley one half block south of North Avenue. The boundary then runs west along the alley until it connects with the alley east of North 15<sup>th</sup> Street.

#### **Proposed Northern Apartments Residential Historic District**

The Northern Apartments Residential Historic District consists of fourteen apartment buildings and their garages. The structures were built by Quasius Bros., Inc. in the late 1940s through the mid 1950s. The six southernmost buildings were a project which was approved by the Federal Housing Administration on September 8, 1947. It consisted of 24 units of rental housing for World War II veterans. The project was spearheaded by Northern Apartments, which consisted of brothers Art, Ray, and Leslie Quasius of Quasius Bros., Inc. On September 27, 1947, Thomas R. King, State Director of the Federal Housing Administration, came to the groundbreaking. The Bank of Sheboygan financed the \$197,000 project which was insured by the Federal Housing Administration under Title VI of the National Housing Act. After the Federal Housing Administration project was complete, the Quasius brothers proceeded to build eight additional quad-plexes under the ownership of Quasius Apartments, Inc.<sup>1</sup>

The boundaries for this district begin at the alley on North 12<sup>th</sup> Street. It runs north to School Avenue, then east to North 11<sup>th</sup> Street. The boundary then goes south to the alley north of North Avenue on North 11<sup>th</sup> Street. It then follows the alley west to North 12<sup>th</sup> Street.

#### **Proposed Plymouth Lane Residential Historic District**

The Plymouth Lane Residential Historic District is a one-block area of homes in the southern part of Sheboygan. With the help of Mayor Herman C. Runge and other city officials, the largest group housing project ever undertaken at that time in Sheboygan was completed in 1939. Fourteen homes were built in on a five-acre tract of land called Plymouth Lane. The entire area was replatted according to the latest methods used by the FHA in platting subdivisions. The layout incorporated a curved street instead of a common strait street. The homes were completely furnished by H.C. Prange company and built with FHA supervision under a plan worked out by Pilgrim Homes and George Kroeff. Kroeff stated that, "For some time there has been a shortage of modern, small homes in Sheboygan. Along with the city's industrial expansion program we decided that Pilgrim homes would be the solution." Pilgrim homes built over 100 homes in Wisconsin, many of them in Milwaukee. The project employed about 30 Sheboygan union men in the building operations. In addition to creating approximately \$70,000 of taxable property when the homes were built, this project gave employment to a number of Sheboygan people. The boundaries for this district start at the alley just east of South Business Drive at Ashland Avenue.

The boundary follows the alley north to Oakland Avenue, then east along Oakland Avenue to the eastern edge of the lots fronting on the east side of Plymouth Lane. The boundary then goes south along the eastern lot lines until Ashland Avenue, it then runs west along Ashland Avenue to the alley just to the east of South Business Drive.

## **Proposed Saint Dominic Church Historic District**

The Saint Dominic Church Historic District consists of the block occupied by the St. Dominic Parish. The Parish was founded in 1926 branching from Holy Name Parish. The parish contains a church, school, convent and a rectory. Originally the current school was a combination church and school until the current church was completed. With the exception of the current church building the structures were designed in a Romanesque-Spanish mission style.<sup>3</sup>

The district boundary begins at the corner of Cleveland Avenue and North  $22^{nd}$  Street, it then heads north to Geele Avenue. The boundary then turns east along Geele Avenue to North  $21^{st}$  Street. It then heads south along North  $21^{st}$  Street until it intersects Cleveland Avenue. The boundary then goes west along Cleveland Avenue to North  $22^{nd}$  Street.

## **The Ellis District**

The Ellis District is deemed a district by the City of Sheboygan. The boundaries of this district are easterly Lake Michigan, northerly Niagara Avenue, westerly North 7<sup>th</sup> Street, and southerly both sides of Pennsylvania Avenue. Though the land the buildings are on is historic, the majority of the buildings that stand on it are not. The buildings are not associated with specific significant people who have helped in the developing of Sheboygan; there is no distinctive time period, building style, or method of construction. There are no works of a master or major art works found in the area. There is a lack of integrity in the area. The buildings that were surveyed in the area were not typical Ellis buildings of the area.
